

The On Demand, Integrated Front Office Leader: Editions and Options

Bullhorn is available in three Editions to meet our customers' needs, with additional options available for each Edition.

Regardless of which Edition you select, you'll get our leading and fully integrated, On Demand front office solution for staffing and recruiting firms that will drive productivity and placements. And your investment is protected – move up to the next edition as your business needs change.

Bullhorn Team Edition is the starter edition of our ATS / CRM with the option to integrate any email system, e.g. Microsoft Outlook and many others.

Bullhorn Corporate Edition is the full featured, On Demand integrated front office solution, including Bullhorn Mail™ or optional email integration, suitable for firms with multi-divisional, back office or specialized vertical requirements.

Bullhorn Enterprise Edition is the unlimited On Demand front office solution for staffing and recruiting firms with features that allow you to not only run your business, but also gain complete visibility with Bullhorn360®, our business intelligence solution.
